

## Corporate Case Study Sumitomo Corporation

**Sumitomo Corporation** is a world leading, investment corporation. With UK headquarters based within the prestigious multi-tenanted premises, Vintners Place.

These business activities include sales of a variety of products and services within Japan, import and export, trilateral trade, and domestic and international business investment.

**Vintners Place** is a Ten Storey building with spacious individual offices and open plan areas, designed to maximise the buildings natural light. The listed building has staff catering facilities, which include a restaurant and Deli Bar. There are a number of conference and conference break-out rooms and entertainment suites with a dedicated knowledge centre, offering a full suite of training and Knowledge development.

**Platinum Facilities** service all Mechanical, Electrical and Fabric assets within the internal and external assets of their demise, including Moves & Changes and in-house Catering Maintenance.

**Now into our 3<sup>rd</sup> term as the sole M&E contractor;** the premises have been maintained to a such a high standard, the client has not gone out to tender for the renewal of the contract.

### Our client benefits from:

- Maintenance carried out by a fully qualified Platinum engineer twice a week.
- Access to a fully qualified technical team of Directors, Account Managers and Engineers.
- Access to a Platinum engineering support 24/7
- Assurances that client premises comply with all statutory requirements.
- Full Escalation procedures, Validation and support for Safety, Health and Environment.

*"I would recommend Platinum to other companies looking to outsource general maintenance roles. And would mention to them that they will be receiving a first class service and attention to detail in all areas covered"*
