
Platinum Facilities & Maintenance Services Ltd
Environmental Policy Manual

Platinum Facilities & Maintenance Services Ltd (Platinum Facilities)

ENVIRONMENTAL POLICY

The management of Platinum Facilities recognises that the Company's activities have an impact on the Environment and is committed to reduce that impact. The Platinum Facilities management system provides a framework for establishing and reviewing objectives and is communicated and understood throughout the organization and the supply chain where necessary.

The Company is committed to continuous improvement of its environmental practices and setting clear objectives with effective and regular review of performance.

The Company will put its Environmental and Sustainability Policy into practice by pursuing specific objectives. We will:-

- Conduct our activities with proper regard to the protection of the environment including the commitment to prevent pollution
- Comply with all the relevant regulatory, legislative, Codes of Practice or other requirements
- Communicate with local communities to minimise any disturbance caused by our work
- Ensure that our staff have a good understanding of the environmental impacts of our business and what is expected of them to minimise these impacts
- Ensure that our suppliers and sub contractors are aware of this policy and ensure they apply similar standards to their own work.

Platinum Facilities Board of Directors has overall responsibility for this policy. Details of individual levels of responsibility are published in the Safety, Health and Environmental Management Manual and the Staff Handbook which, together with this Policy, will be revised and reviewed on a regular basis.
